ing ahead with all possible speed.
The large basement was finished last
week and the carpenters are now busy
erecing the house. This residence
when finished will be one of the finest
in town, having a good large basement,
32ft x 30ft, and six beautifully finished
rooms and fitted up with the most
modern and up-to-date contrivances.

Mrs. W. Warwick and family of
Calgary arrived in Oyen on Sunday.

tor, Hanna was in town last

engineering corp and will leave
in the near future to join his
regiment.

Pte. Clarence Peterson of the
R.N.W.M.P. battalion, is home
on a seven days leave. He will
leave tomorrow for Regina
where his battalion is stationed.

ing will hold an indignation local
on Tuesday, June 5th at 8
p.m. in the Hill school, to pro-
test against the action of the
Government in conscripting

Banking Hours Will Be Changed on June 1st

A change in banking hours will be
made throughout Canada on June 1st,
according to advice received from the
secretary of the Canadian Bankers'
Association by the local banks. On
and after that date the banks will be
open at 9.30 a.m., and close at 2.30 p.
m. daily, except Saturday, when they
will open at 9.30 and close at 12 o'clock.
It has been found necessary to make
this change owing to the shortage of
help in the banks which is felt particu-
larly in the east.

now back at his old job in the
Johnston clothing store, where
he was employed previous to
enlisting. Pte. Buchanan has
seen some severe fighting, hav-
ing been through several en-
gagements. During one of the
engagements with the Hun, he
was wounded in the leg by gun
shot. After recovering from
this wound he was sent back to
the trenches and on the 24th of
August last he was gassed. Pte.
Buchanan was invalided back
to Canada on account of defec-
tive vision due to the Hun gas.

Scrap Iron Campaign

Every farmer, every mer-
chant, every boy and girl are
invited to co-operate in piling
up in Oyen the biggest scrap
iron heap in the province. This
may not be educational work,
but by a little industrious en-
deavor a good substantial sum
can be realized for the Red
Cross from what at the present
time is simply a waste product.
There are tons of it on every
farm in the district. Bring it
to town, and the executive of
the Red Cross will attend to the
shipping of it to the rolling
mills at Redcliffe where the
highest market price can be ob-
tained. Don't wait until next
time you come to town. Bring
it now. Bert Buchanan, G. J.
Gibson, M. M. McDonald or
Thos. Lees will show you where
to dump it.

Your country needs your
scrap iron, the Red Cross de-
serves your support, so gather
up the scrap and get the big
patriotic pile started at once.

At the Oyen theatre on Sat-
urday night there will be a
first-class Universal film. Don't
fail to see this film as it is the
best ever shown here. Anis-
ton 35 and 15 cts.

Clenada News

A very enjoyable evening was spent at the home of Mr. and Mrs. S. A. Nohl on Saturday, when the young people of the district gave a surprise party in honor of their son, Frank, who is leaving shortly for Calgary to report for military duty. The evening was spent in games, singing and music, after which a dainty luncheon was served by the ladies. There were about forty people present.

Sailors' Week to be Observed
Throughout Alberta, Commencing on the King's Birthday, June 3, and Ending June 8.

Arrangements are being made throughout the Province of Alberta for a Sailors' Week, commencing on the King's Birthday, June 3, and ending on the 8th with a Tag Day.

During the week a general appeal will be made to all citizens, men women and children to contribute something towards the Navy League of Canada in caring for the widows and orphans of the men of the Navy and the Merchant Service as well. The committee in charge of arrangements hope to raise at least \$150,000.

It is largely through the work of the Navy that Canada is British today. It is largely through the work of the Navy that the farmers of this country are enabled to obtain the present price for their wheat. Without the Navy no food could cross the Atlantic, our boys in France could not be fed and no transports, either from Canada or the United States, could be forwarded.

Any one wishing to contribute can forward to the Editor of this paper, who will see that all amounts are sent to Headquarters Alberta Division of the Navy League.

A Ford Car Takes the Place of all These Things

WHEN you own a Ford you can do away with many articles that are a source of continuous expense to the man who still drives a horse. For instance, not only your driving-horse and buggy, but the single harness, blankets, whips, curry-combs, brushes, horse-shoes, pitch-forks, feed-bins, etc.

In their place you have a speedy, dependable, dignified, roomy Ford Car—complete in itself. It is vastly superior to the narrow, cramped buggy that travels so slowly. And when a Ford is standing idle it does not eat three meals a day, and it requires no "looking after."

A Ford will save you time, trouble, and money. It is the utility car for the busy farmer and his family.

Born—To Mr. and Mrs. W. H. Quinn of Spring Valley, Wednesday, May 22nd, a son.

With the idea of averting a coal famine in the west next winter, the mine operators and fuel board officials are meeting in Calgary. The operators say that they are ready to supply the coal if the people will buy it. It is evidently up to the people. They should know by this time the almost certain penalty delay will bring.

Mr. and Mrs. J. J. Kelly were visitors in Calgary over the weekend.

Mrs. Wm. Bishop, who has been in Calgary for the last four months, returned on Sunday.

B. E. Kelly purchased a Special McLaughlin 60 h. p. car from the local dealer, Wm. Sackett.

The British Bulldog Tenacity Still Holds

As in the days of old the Bulldog Tenacity and spirit of unswervingness is being evidenced in the big drive now going on. And, as in the days gone by we still find the man who knows he can't hang on much longer. We are all warned against hyper-optimism, but we must not by any chance develop a spirit of pessimism. The much talked of Spring Drive has, so far, proved a failure for the Kaiser and his "kublerists" and if the Allies are able, as they have been, to withstand the opening attempt—not crowing what to expect, it is a begone conclusion that they will also be able to withstand any further drives the Germans make. Not only that, but the Allies will now be able to carry out their own offensive. Latest reports say that to the thousands of German casualties, the Allies have a very low percentage of killed and wounded. Conservation of man-power is the slogan of the Allies. To the German official mind men do not count.

We have held the line, we still hold the line. That is the important fact.

The Germans did not win in a day; Napoleon, with all his successes did not win in a day. Nothing that is worthwhile is accomplished in a day.

There isn't the least doubt our winning. If you must be a sper, be a super-optimist—not a super-pessimist.

"Bacon" says a daily paper, "is fast disappearing from the breakfast table."

We have often noticed it do so. Grading the road on Second Avenue is a step in the right direction for better roads within town limits. It would have been an improvement if the road had been graded to the end of the street. The extra cost would not have added very much to the burden of the town.
